Secure-in-Place

Get ZotReady
during acts of violence or police related activity

When it is necessary to secure-in-place, you will be the safest by placing a locked door or other barricade between you and the threat.

Steps to secure-in-place:

• If you are outside, seek cover in the nearest unlocked building.

• If buildings are locked, continue to move away from danger.

• Once inside, find an interior room and lock and/or barricade the doors.

• Turn off lights, silence phones and move away from windows.

• Await further instruction from UCI alerts and emergency personnel.

• Do not leave until an all-clear message is received.

• If you are off campus, stay away until an all-clear message is received.
